DETAILED ACTION

Receipt is acknowledged of a reply to the previous Office Action, filed August 21, 2006. Claims 1-19, 23, 24, 30 and 36 are canceled. Claims 69-73 are added.

Claims 20-22, 25-29, 31-35 and 37-73 are pending, with claims 26-29, 31-35 and 37-73 under consideration in the instant application. Any rejection of record in the previous Office Action, mailed March 21, 2006, that is not addressed in this action has been withdrawn.

Because this Office Action only maintains rejections set forth in the previous Office Action and/or sets forth new rejections that are necessitated by amendment, this Office Action is made FINAL.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 71- 73 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 71 and 72 are unclear because they are method claims but do not recite any method steps.

The terms "bad taste" and "off-flavors" in claim 73 is a relative term which renders the claim indefinite. The terms are not defined by the claim, the specification

Art Unit: 1636

does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 72 is rejected under 35 U.S.C. 102(b) as being anticipated by www.bread-bakers.com/archives/digests/v096n024.txt.

Applicants claim a process for the production of bread-making dough wherein the baker's yeast is frozen.

www.bread-bakers.com/archives/digests/v096n024.txt (1996, see entire text, specifically pp. 1 and 2) teach using frozen yeast to make bread dough.

Allowable Subject Matter

Claims 26-29, 31-35 and 37-70 are allowable.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
